

The title of my short report

This is an excerpt of the report to focus on the dynamic parts. And now we have an important result: **3019.46** is the average weight of all vehicles. And a second important result: **187.93** is the average length.

And now we have the first table.

Table 34: Short report example

	Car type (mean weight in lbs.)		
	<i>Domestic</i>	<i>Foreign</i>	<i>Total</i>
<i>Repair Record 1978</i>			
1	3,100		3,100
2	3,354		3,354
3	3,442	2,010	3,299
4	3,532	2,208	2,870
5	1,960	2,403	2,323
Total	3,368	2,263	3,032
